**Keynote Board for Publishing:** *Professor Antoni Tajduś* – Chairman (Poland), *Professor Roman Ditchkovsky* (Ukraine), *Professor Dou Lin Ming* (China), *Professor Józef Dubiński* (Poland), *Professor Juraj Durove* (Slovakia), *Professor Czesława Rosik-Dulewska* (Poland), *Assistant Professor Eng. Richard Snuparek* (Czech Republic), *Professor Tomasz S. Wiltowski* (USA), *Professor Teodor Winkler* (Poland), *Professor Valery N. Zakharov* (Russia)

**Qualification and Consultative Committee:** *Professor Jan Wachowicz* – Chairman (Poland), *Professor Krystyna Czaplicka-Kolarz* – Deputy Chairman (Poland), *Józef Kabiesz, Ph.D.*, *Professor GIG, Piotr Kalisz, D.Sc.*, *Professor Adam Lipowczan*, *Professor M. Jacek Łączny*, *Grzegorz Mutke, Ph.D.*, *Professor GIG, Professor Krzysztof Stańczyk, M.A.* *Małgorzata Zielińska*

**Editor-in-Chief**  
*Professor Adam Lipowczan*

**Assistant Editor**  
*Magdalena Bemke-Świtilnik, M.A.*  
[mbemke@gig.eu](mailto:mbemke@gig.eu)

### Thematic Editors

Mining and engineering geology – *Grzegorz Mutke, Ph.D., Professor GIG*  
Environmental engineering – *Professor M. Jacek Łączny*  
Work safety – *Józef Kabiesz, Ph.D., Professor GIG*  
Clean coal technologies – *Professor Krzysztof Stańczyk*

**Statistic Editor** – *Piotr Kalisz*

**Publication Editor** – *Małgorzata Kuśmirek-Zegadło*

**Language Editor** – *Matthew Siegal*

**Technical Editors** – *Barbara Dusik, Krzysztof Gralikowski*

**Project of journal cover** – *Adam Piernikarczyk*

e-ISSN 2300-3960  
p-ISSN 2300-1364

The previous title of the *Journal of Sustainable Mining* is *Prace Naukowe GIG. Górnictwo i Środowisko* (English: *Research Reports of Central Mining Institute. Mining & Environment*) ISSN 1643-7608 published from 2002 to 2012.

The subject matter of papers published in the *Journal of Sustainable Mining* comprises the problems connected with the following topics: mining technology and technique; mining geophysics; geoengineering; geology of coal deposits; natural and technological hazards in mines; occupational safety and health; rock mechanics; mining geodesy; management of mineral resources; materials engineering in mining; clean coal technologies; economics and organisation of the mining industry; environmental protection in mining areas; minedland revitalization and reclamation; social aspects of mining activities.

Electronic version of the *Journal of Sustainable Mining* (e-ISSN 2300-3960) is a primary version and it is published quarterly. Full texts of articles published in the *Journal of Sustainable Mining* are available online (free access) – [jsm.gig.eu](http://jsm.gig.eu). Printed version is a secondary version of the *Journal of Sustainable Mining* (p-ISSN 2300-1364).

The *Journal of Sustainable Mining* is being indexed in the following databases: ARIANTA; BazTech; Google Scholar; Index Copernicus Journals Master List; InfoBase Index; NACID'S list of periodicals; Polish Scholarly Bibliography.

Publication of quarterly the *Journal of Sustainable Mining* is supported by the Ministry of Science and Higher Education in Poland funds allocated for the Central Mining Institute statutory activity.
